Built for Everyday

Every **LochAnna** kitchen is designed to feel considered, reliable and easy to live with, bringing together thoughtful design with everyday practicality.

Behind each space sits a strong, carefully developed cabinet, forming the foundation of the kitchen and giving it the solidity and consistency you notice over time.

From the way doors close to the way drawers move, every detail is made to work smoothly and stand up to daily use.

Built for Everyday Use

Designed to feel solid and dependable, standing up to daily life with ease.

Smooth, Reliable Movement

Doors and drawers open and close effortlessly, day after day.

Clean, Consistent Interiors

Simple, practical internal layouts keep everything organised and easy to use.

Flexible, Practical Design

Thoughtful details allow the kitchen to adapt easily to different layouts and needs.

Longer Lasting Cabinets

Inside, a clean and consistent finish brings a sense of order and simplicity, with a choice of **Lissa Oak** or **Stone Grey** to suit the overall look of your kitchen. It's a level of quality built in from the start, so everything feels right, day after day.

Lifestyle Larders

Designed around the way kitchens are really used, Lifestyle Larders bring everything into one place, keeping everyday essentials organised, accessible and easy to live with.

From food storage to cleaning and utility, each layout is created to make better use of space, helping kitchens feel calmer, more practical and effortlessly put together.

A choice of internal configurations and finishes allows each larder to be tailored to your space, so it works naturally as part of your kitchen.

Easy Access Larder

A larder with staggered shelving, designed to keep everything visible and within easy reach. The stepped layout helps organise everyday items clearly, so nothing gets lost at the back.

Double Laundry Stacker

Designed to keep laundry neatly contained and out of sight, with two machines stacked to make the most of vertical space and a pull-out shelf for easy loading and sorting. Additional storage keeps essentials close to hand, including a vertical space for an ironing board.

Cleaning & Utility Larder

A dedicated space for cleaning and utility essentials, designed to keep everything neatly stored and out of sight. From larger items to everyday tools, it helps maintain a sense of order across the kitchen.

Door Styles

A collection of carefully considered door styles, designed to suit different homes and ways of living. From clean, contemporary looks to more classic designs, each one is created to feel balanced, versatile and easy to live with.

Collection Overview

THE STOCKED COLLECTION

Brinsop 14

PRICE GROUP 1 - SLAB

Brinsop is defined by its smooth slab door and uncluttered look, bringing clarity and simplicity to the kitchen. Its pared-back design works effortlessly across a wide range of spaces, from contemporary layouts to more relaxed, everyday settings.

Fownhope 20

PRICE GROUP 1 - SHAKER

Fownhope brings together familiar shaker styling with a clean, balanced feel. Comfortable in both traditional and more contemporary settings, it creates kitchens that are warm, considered and naturally at home.

Tupsley 26

PRICE GROUP 2 - J-PULL

Tupsley is shaped by its J-pull design, combining clean lines with built-in simplicity. The uninterrupted look brings a sense of order to the kitchen, making it a strong choice for spaces that favour a more contemporary style.

Orcop 32

PRICE GROUP 2 - SLIM SHAKER

Orcop offers a lighter interpretation of shaker design, with slim proportions and a more understated profile. It sits comfortably between classic and modern, making it a versatile choice for kitchens that favour a cleaner overall look.

Dinmore 40

PRICE GROUP 2 - 5PC SHAKER

Dinmore takes a more classic approach, with its five-piece shaker design and subtle grained finish adding texture and definition. Rich in detail yet easy to place, it creates kitchens that are established, welcoming and full of quiet character.

Clean, simple design for
modern living.

Our commitment to sustainability...

At LochAnna Kitchens, we are continually looking for ways to limit our impact on the environment and reduce our carbon footprint.

Key Points

- 1** We've reduced our CO2 emissions by 44t annually by installing solar panels on our head office and warehouse. They produce enough power to allow us to supply surplus clean energy back to the grid in the summer.
- 2** All of the vehicles in our warehouse are electrically powered, and a large percentage of the energy these vehicles use comes from our own solar panels.
- 3** Sustainability is built into our design. From handles made of recycled fishing nets to collections crafted from 100% recycled wood, we're reducing waste and creating a more sustainable future- one product at a time.
- 4** Our doors and cabinets come from suppliers who solely use wood from sustainable sources.
- 5** Our oak dovetail drawer factory works with the One Tree Planted initiative. For each order, they plant a tree as part of global efforts to help with reforestation.
